

Public Notice

Allen Health Care Services had a full survey by The Joint Commission on February 16, 2017 and the organization's accreditation was renewed for both Forest Hills and Hempstead locations, for Home Health Aide and Personal Care Services.

Allen Health Care Services is now in the intracycle period, where the organization works to maintain Joint Commission standards so that they will be in a state of regulatory readiness when the next unannounced survey is due in late 2019 or early 2020. A public notice will be posted prior to the survey window.

During this intracycle period, Joint Commission standards deal with organizational quality and safety-of-care issues and the safety of the environment in which care is provided. Anyone believing that he or she has pertinent and valid information about such matters may contact the Joint Commission at any time to express their concerns.

One may contact the Joint Commission in writing at:
